## WHAT YOU'RE UP TO

LAURA CAREL (A294)

For fun I like to travel whenever I can. Funny thing is the two most recent trips have been with Truman friends including old roommates and TLS sisters. The most recent vacation I went on was in April to Brazil. We spent a few days in Rio and a few days on Ilha Grande. I relocated from St. Louis to Austin, TX about a year ago and am loving my new city! I am as of recently a Financial Analyst for Emerson Process Management out of Austin, TX. Previously I was an Auditor for Emerson Corporate in St. Louis and had a unique opportunity to travel to some incredible places for my job."

KELLY BERRY (A405)

On June first I moved to Maine for work. Since moving to Maine I like to go tide pooling (wading in tide pools to find ocean creatures), hiking, and on day trips to lighthouses. I work as a pediatric speech language pathologist with developmentally disabled 3-5 year olds. I'm loving Maine and loving my job!"

CARRIE SCHOEN (A38)

I'm in Thailand right now. It's a three-week trip. For fun I like to run, cook, chase my kids around, and travel. I'm a teacher and German-English translator. In October I'm starting a new job as an English assistant at a big law firm in Munich, Germany, where I live."

# RECRUITMENT PREP

## homecoming committee

alex carmack

I wanted to be on Homecoming Committee because I live for this week every year. I want TLS to really make a difference this year on campus and with our team. Our main goal this semester is getting in the top 3, so fingers crossed! I think alumni could really get involved by sending their support and even coming into town to celebrate with us. I know that the entire sorority and team would be happy to have them! Homecoming is 20 days away and counting so GET EXCITED."

katia pallais

I decided to be on HCC because I saw that as an opportunity to work with a group of people in a competitive environment and at the same time serve TLS and make HC a really fun experience for everyone involved. My main goal is to be able to give TLS a variety of activities they can get involved in and meet new people as well as share time with our sisters while not forgetting the competitive aspect of HC. Alumni can support our team by donating as little or as much as they want to help us reach our fundraising goal!"

jenny hofman

Growing relationships with new organizations and strengthening sisterly bonds within TLS is the reason I wanted to be a part of HC committee. Plus I'm a just slightly (okay a lot) competitive. Goals for the team would be to win of course (or top 3 at least). But really it's just to make sure TLS/Phi Deltas/ Agros have the time of their life that week and can look back on it later and smile at the memories made. I'm most excited to see how we can all come together as separate organizations and become one cohesive team for the week of homecoming."

last semester, we created a completely new recruitment procedure in hopes of having a more organized recruitment and to really get to know all our potential new members. here it is:

### INFO NIGHT

Two (2) of each type of panel will be set up for PNM's to proceed to. There must be four (4) members at each panel. Types of Panels:  
Testimonials: to share member's experiences in TΛΣ and highlight what TΛΣ means to them.  
Pillars: to explain our three (3) pillars and highlight their significance in our organization.  
TΛΣ History: to share our history as an organization, highlighting our accomplishments in the community.  
Active Membership: to inform PNM's of the requirements of being an active member and also share insight into how are sorority works (i.e. officers, database, bigs and littles).  
Pledging TΛΣ: to provide information on pledge requirements.

### SERVICE/SISTERHOOD

The purpose of this night of recruitment is to highlight our sororities emphasis on sisterhood and service and to learn what these aspects mean to the PNM's. There will be an equal number of service and social tables with approximately even amounts of members at each table. Service tables will consist of hands on service activities. Sisterhood tables will consist of question based social games, with all questions pre-approved by the Vice President.

### INTERVIEW NIGHT

The purpose of this night of recruitment is to gain a better understanding of each PNM's personality with specific regards to our pillars: uniqueness, sisterhood and charity. Tables will be set up with members and PNM's evenly distributed at each table. The PNM's will travel to each table for a set amount of time, as determined by the Vice President. Members will interview each group of PNM's with regards to the night's purpose and may ask any questions that adhere to the Recruitment Code of Conduct.

### CLOSE INTERVIEWS

The purpose of this night of recruitment is to gain a better understanding of each PNM's character and possible contributions to our sorority with specific regards to our virtues: benevolence, strength, and individuality. Groups of four (4) members will be randomly selected by the President and assigned a table for the entirety of the night. PNM's will be evenly distributed throughout the tables and interviewed for at least twenty-five minutes. Each PNM will rotate to four (4) different tables by the end of the night. Members will interview the PNM's with the regards to the night's purpose and may ask any questions that adhere to the Recruitment Code of Conduct.

We also created a recruitment committee of 14 members to help make recruitment run more efficiently.

- Obligations:
- To attend all nights of recruitment and recruitment voting.
- To read over all PNM applications prior to Wednesday of recruitment.
- To fairly and respectfully represent herself and her group in a concise manner during discussion.
- To prepare and perform an informative skit demonstrating proper parliamentary and recruitment procedure, with consultation from the Parliamentarian.

## vice president: evie clark

I wanted to be VP because it gave me the chance to help lead and grow the future of TLS and I think that's really neat, getting to watch the new girls fall in love with TLS and get to watch them grow and become awesome members of our sorority.

My goals are to bring in a pledge class that will be really dedicated to what we stand for, for myself to be able to be a role model to the new girls and also for the sorority to welcome them with open arms and for all of us to be a support system for one another!

I'm excited to meet all of the girls during recruitment, but I'm nervous that no one will like me lol jk but I'm nervous about the new procedure and this being the first time it's actually used!"
